

Agile Development Sprint

Innovate and drive engagement through agile software development

Early development sprints connect you with new opportunities and potential customers. We work with you make that happen with agile development sprints for MVP and design concepts. Let's collaborate and iterate towards an agile solution, from ideation through development to testing.

THIS SERVICE HELPS TO...

Provide an agile software delivery, ready for customer feedback

Ensure fast learning and assessment

Leverage a rapid dev team experienced at working with in-house teams

WHAT YOU GET

Our agile development sprint team delivers. Specifically:

- ✓ Working software to early assess viability and feasibility of the customer experience
- ✓ Platform specific software development sprints to make the experience come to life
- ✓ A team that is fully dedicated to your organization and that works to your timeline
- ✓ The latest development tools that work in your agile environment

Agile Development Sprint

HOW WE DO IT

- 1 We understand business and user requirements to scope the right development sprints.
- 2 We set up the development environment for each platform, adjusted where needed.
- 3 We deliver interactive software sprints, iterations and code reviews in agile cycles.
- 4 Ongoing support is provided during reviews and testing cycles and improvements are made based on the feedback.
- 5 Our embedded sprint team works iteratively with you to meet your objectives.

About Akendi

Akendi is a human experience design firm with 16+ years of successful collaborations, leveraging equal parts research-led analysis and inspired creative design. Our multi-disciplinary team of 15+ specialists help your organisation to deliver exceptional experiences and provide strategic insights to put you a step ahead of the competition.

Our Services

We ideate, strategize, research, design, test and construct all aspects of the customer and user experience, ensuring intentional experiences that meet citizen, customer and user needs. Every time.
