

Dashboard UX Design

Get clean and clear UX designs
for faster decision making

You may have business dashboards and reports that contain an overwhelming amount graphs, dials and tables. This is often the result of not really knowing what is and isn't important and slows users down. Our team designs clean, fit for purpose dashboards and interactive reports. Combine this with optimal data visualisations and your stakeholders will spend less time interpreting data and more time making decisions.

THIS SERVICE HELPS TO...

Spend less time searching
for dashboard data

Spend less time interpreting
your dashboard data

Spend enough time
on effective and critical
decision making

WHAT YOU GET

Benefit from our extensive experience in designing intuitive dashboards. You get:

- ✓ Dashboards and reports that optimally match with the decision making workflow
- ✓ Clear data visualisations that reduce the time needed to interpret the data
- ✓ High fidelity concepts of dashboards and report using industry design patterns or fully custom designs
- ✓ An engaging visual design system that matches your brand for years to come

Dashboard UX Design

HOW WE DO IT

1

We discover requirements for business dashboards and reports based on stakeholder analysis and user research.

3

We optimise the concept through iterative user testing and design feedback loops with stakeholders.

2

We design multiple low fidelity concepts of your dashboards and reports.

4

We design high fidelity mockups including data visualisations.

About Akendi

Akendi is a human experience design firm with 16+ years of successful collaborations, leveraging equal parts research-led analysis and inspired creative design. Our multi-disciplinary team of 15+ specialists help your organisation to deliver exceptional experiences and provide strategic insights to put you a step ahead of the competition.

Our Services

We ideate, strategize, research, design, test and construct all aspects of the customer and user experience, ensuring intentional experiences that meet citizen, customer and user needs. Every time.
