

Multi-Disciplinary Teams

Leave your UX initiative to the experts while enabling your team to focus on what they know best

If you have an important initiative to tackle but don't know where to start, or have tried to improve your user experience in the past with less than stellar results, then you need to bring in the experts. We have proven methods to get you where you need to go, without the risk and starts and stops that are typical in large organisations.

THIS SERVICE HELPS TO...

Reduce the time commitment necessary for success

Ensure you're solving the right problem

Achieve desired outcomes, the first time

WHAT YOU GET

Achieve your goals and ensure the success of your UX initiative with our effective project teams. You receive:

- ✓ A UX approach tailored to your organisation's specific needs
- ✓ Outcomes, delivered predictably, without the challenges typically found in large organisations
- ✓ Best practices and solutions that work for your users
- ✓ A team focused on your initiative so you can focus on your day-to-day responsibilities

Multi-disciplinary Teams

HOW WE DO IT

- 1 We work with you to define requirements and scope for your project.
- 2 Your initiative is kicked off with the right team members.
- 3 Our team shares progress and outcomes at an agreed upon cadence.
- 4 The team iterates and tests approaches to validate that they work for users.
- 5 We ensure success through feedback and regular touch points with Akendi leadership.

About Akendi

Akendi is a human experience design firm with 16+ years of successful collaborations, leveraging equal parts research-led analysis and inspired creative design. Our multi-disciplinary team of 15+ specialists help your organisation to deliver exceptional experiences and provide strategic insights to put you a step ahead of the competition.

Our Services

We ideate, strategize, research, design, test and construct all aspects of the customer and user experience, ensuring intentional experiences that meet citizen, customer and user needs. Every time.
